

Dear Friend:

As a longtime high school Civics and Economics teacher, Dominic Caserta listens carefully and learns the facts. It's one of the main reasons the **California Nurses Association, representing over 19,000 nurses, is proud to endorse Dominic Caserta, the most qualified Democrat for State Assembly.**

Dominic shares our values and stands up for us. He is a tireless supporter of comprehensive, universal health care. He'll fight to stop insurance companies from abandoning patients with costly illnesses. Furthermore, Dominic will make food safety a priority for our community and require the clear labeling of all imported foods.

And the clean air necessary for a healthful future? Dominic would mandate a 50% reduction in auto emissions over the next 10 years.

That's a clear, progressive agenda worth supporting. If you would like to see it become a reality in California, **please vote for Democrat Dominic Caserta for State Assembly on June 3.**

Sincerely,

Malinda Markowitz, RN
President, California Nurses Association, NNOC

P.S. Women's health care is also important to Dominic. He received a 100% scorecard from Planned Parenthood in his past two Santa Clara City Council races.
