

Dear Friend:

My name is Dominic Caserta, and I'm a high school teacher, a Santa Clara City Council Member, and a fifth-generation resident of Santa Clara County. I'm also a progressive Democrat running to represent you in the State Assembly.

When I was a teenager, I registered with the party of my father, whom I love and respect. But it became clear that the Republican Party did not represent my values, and its policies were disastrous for the middle class and our country. **I am proud to be an elected Democratic official who fights for quality education, affordable health care, a clean environment and good jobs.**

As a teacher, I am committed to fully funding public education, but also to making necessary changes. Not every student is destined for a U.C. or Stanford – we need to boost career-tech and “green collar” training so that all children, not just the college-bound, can enjoy productive, rewarding work.

Access to quality health care is also a priority of mine. I will fight for a comprehensive, universal system that stays with you regardless of employment status or pre-existing conditions. I will also work to make sure the products we use and the food we eat are safe.

Most important, my door will always be open to you. I believe the skill of listening, vital for a teacher, is just as important for a public official. As your voice in Sacramento, I will never stop working for your interests. I hope you will consider supporting me on June 3.

Sincerely,

A handwritten signature in blue ink that reads "Dom J Caserta".

Dominic Caserta
Democrat for State Assembly

P.S.: I'm the only Democrat in the race endorsed by the **California Nurses Association**, the **California Teachers Association**, the **California Professional Firefighters**, and the **Democratic Forum of Silicon Valley**.
